

KAISER TO HONOR SLOCUM NURSES

German Emperor Orders Consul
in New York to Send Names
of Three Who Did Most He-
roic Work in Disaster.

ST. MARY'S CROSS MAY BE AWARDED TO THEM.

Miss Smith, Mrs. White, Miss
McKibben and Marie McCann
Mentioned for the Brave
Deeds They Accomplished.

The German Emperor is determined to
reward the heroism of those who risked
their lives to save passengers on the
General Slocum. He has ordered the
German Consul in this city for the
names of three nurses whom he may
honor for their courage and unselfish-
ness.

The Kaiser was greatly shocked when
he received the first news of the horror.
As the head of the Lutheran Church
and as the ruler of the German people
his interest was great. The names of
nearly every Slocum victim had been
his subjects. He called a message of
condolence and asked for the list of
dead. It was furnished him as soon as
completed.

Wanted Names of Heroes.

Then came the request for the names
of the heroes who figured in the dis-
aster, and this list is being prepared
for the German Consul by Col. J. Wes-
ley Jones, president of the United
States Volunteer Life-Saving Corps. It
will be submitted for the approval of
Coroner O'Gorman before it is called
to Berlin.

But without waiting for this last re-

quest to be attended to the Kaiser has
asked for the names of the three brave
nurses.

The Consul submitted the request to
Health Commissioner Darlington, but
the latter is not ready yet to name the
courageous trio. It is a delicate com-
mission and Dr. Darlington does not
want to see an injustice done.

In the long list of heroines on that
day there are four that stand out pre-
eminently, according to the officials,
and the three names will probably be
selected from these four. These are
nurses and one an immigrant girl, who
was a scarlet fever convalescent on
North Brother Island.

Miss Smith's Rescue Work.

Miss Smith, Superintendent of Nurses
at the Riverside Hospital, directed the
efforts of the early rescue. She stood
knee deep in the water and passed
the bodies of the dead and dying to
the eager arms of those ready to re-
ceive them.

Mrs. White, Superintendent of the
Help, also a nurse, did noble work in
directing the labors of her subordi-
nates. The third is Miss McKibben,
the young woman in charge of the tele-
phone central at the island. She is a
nurse, but was detailed as telephone
operator. She saw the burning boat
and brought the police, fire and health
officers to the scene. It was due to
her efforts that Dr. Darlington was
able to reach the island within thirty
minutes after the boat was beached.

Brave Marie McCann.

The fourth, although not a nurse,
Marie McCann, waded out into the wa-
ter up to her neck and rescued drown-
ing children and helpless women. She
had been out of a sick bed but a few
days. She was in the water for more
than two hours but suffered no harm.

These four women, according to the
evidence of those who saw them, were
deserve any decoration that Kaiser
Wilhelm can bestow upon them.
The fourth usually bestowed by the
Emperor for women's bravery is the
St. Mary's Cross.

ROOSEVELT NURSE SAILS.

Mrs. Ledwith Has Served Presi-

dent's Family a Half Century.

One of the happiest passengers on the
Leobardia, which sailed for Italy to-
day, was Mrs. Mary Ledwith, who for
over a half century has been a nurse
in the family of President Roosevelt,
and also Mrs. Roosevelt, when Miss
Carew. Mrs. Ledwith went abroad
with Miss Emily Carew, a sister of
Mrs. Roosevelt. At present Mrs. Led-
with is the nurse for the youngest of
the children of President Roosevelt.

Mrs. Ledwith is going abroad at the
invitation of Miss Carew, who, at one
time, was rocked to sleep by the aged
woman. With a French maid the two
women will travel through Italy return-
ing to America in September, when
Mrs. Ledwith will return to the Roose-
velt family and resume her care of the
children. Mrs. Ledwith is seventy-nine
years old.

SORES AND ULCERS

SHOW A BAD CONDITION OF THE BLOOD

When the blood is in bad condition a bruise, cut,
scratch, or any slight injury to the flesh, is apt to
become an ugly looking sore or ulcer. Sometimes
a boil, blister or pimple is the beginning of a large
eating ulcer or open, discharging sore. Often the
blood is naturally bad, and is that way from birth,
and such people suffer with various kinds of sores
from infancy through old
age. The blood may be-
come so weak and watery
from the effects of mala-
rial sickness, debility or
some old chronic trouble,
that the impurities break
out in bad sores on the
lower extremities or other part of the body. There is always some morbid,
unhealthy matter in the blood that keeps the sores discharging, and must
be gotten out before it will heal. Washes and salves, while cleansing,
soothing and helpful, will not do it, because they do not reach the poisoned blood; but S. S. S. enters into the circulation and
purifies the diseased blood, and when this is accom-
plished the place heals. Where the health has
been impaired by a long-standing discharging sore, S. S. S. restores
strength and vigor to the system, improves the appetite and digestion,
and tones up the nerves. Purifying the blood is the surest way to get
rid of an old sore or ulcer. Medical advice free.

THE SWIFT CURE CO., ATLANTA, GA.

TO PAY DIVIDEND ON THIRD AV. STOCK

New York City Railway An-
nounces that 1 1-4 Per. Cent.
Will Be Paid for the Quarter
on July 30.

Official announcement was made to-day
that on July 30 the first dividend rental
to the stockholders of the Third Avenue
Railway Company will be paid by the
New York City Railway Company. The
dividend will be 1 1-4 per cent. for the
quarter.

In 1890 the Third Avenue Railway
properties were leased to the Interurban,
now the New York City Railway. The
lease began April 30, 1900, for 999 years,
the terms being that the holders of the
\$40,000,000 of Third Avenue stock were to
get for the first four years only the
net income above expenses and fixed
charges. After the first four years
for two years the stockholders are to
get 1 per cent. per annum, and after
six years for four years, 8 per cent.
After ten years they were guaranteed
1 per cent. dividend rental every year.
No amount representing net income
above expenses and fixed charges has
been distributed to Third Avenue stock-
holders during the first four years,
which ended on April 30 last. July 30
will end the first quarter of the 5 per
cent. period.

The announcement sets at rest rumors
that went around in the stock market
some weeks ago about a possible failure
to pay the dividend, and which de-
pressed the Third Avenue and Metro-
politan stocks.

TRUCK CRASHES INTO AMBULANCE

Heat Victim Was Being Con-
veyed to St. Mary's Hospital
in Brooklyn and Shock Is
Likely to Prove Fatal to Him.

An ambulance carrying Alfred
Brackitt, forty-two years old, of No.
1375 Broadway, Brooklyn, from Utica
and Atlantic avenues, where he was
overcome by heat, to the St. Mary's
Hospital, was run into by an asphalt
truck this afternoon and the patient
and the driver were thrown out in the
street and severely hurt. The shock
will probably result fatally to the heat
victim.

The ambulance was in charge of Dr.
Doyle and had proceeded but half a
block from Utica and Atlantic avenues
when the truck crashed into it. The
ambulance was completely wrecked.
Its occupant was hurled under the
debris and it took some time to dig
him out. Joseph McMurray, the driver
of the ambulance, was pitched out on
his head and badly cut and bruised.
After the wreckage had been cleared
away Dr. Doyle got a carriage and
took the two injured men to the hos-
pital.

GAYNOR TO VISIT DRY DOCK HOTEL

Announces that He Will Make
Personal Inspection of Bow-
ery Hostelry Which the Police
Watch.

Some night this week Justice Gaynor
of the Brooklyn Supreme Court, will
visit Manhattan and do a little sleuth-
ing. He wants to satisfy himself as to
whether the Dry Dock Hotel on the Bow-
ery is a disreputable resort or not.
This he announced when he heard argu-
ment for and against an injunction restrain-
ing the police from further interference
with the house and its occupants.
Capt. McDermott, of the Fifth street
station, has had it constantly on his
mind lately that the Dry Dock hos-
telery was violating the law. He placed
it on his list of suspected houses and
stationed policemen at its doors to warn
all who entered.
The hotel management objected to
the policemen sitting in the halls and
on the stairs, and the application for
an injunction was filed with Justice
Gaynor.

It appears to me that the police
often have ulterior motives in cases
of this kind—that their wonderful ac-
tivity may be due to other purposes
than those of seeing the law enforced,"
he said.

ADRIFT IN BOAT, BULLET IN HEAD

A Skiff Floats Into Jersey City
Dock in Which is the Dead
Body of a Young Man, Appar-
ently a Suicide.

A round-bottomed rowboat drifted
into the dock at the foot of Gates ave-
nue, Jersey City, to-day. Some men
who were at work on the pier were
startled to find the body of a young
man lying on the bottom of the little
craft. There was a bullet hole in his
right temple and a revolver lay by his
side. The police were notified and the
body was removed to High's morgue.
The man was about twenty-three
years old, 5 feet 8 inches tall and
weighed 150 pounds. He was light com-
plexion and clean shaven. He wore a
silk pongee shirt, black diagonal coat
and trousers, fine underwear and new
patent leather shoes. The shoes bore
the name of Marshall & Ball, of New-
ark. There was a label on the coat on
which the name could not be plainly
read. The name of the maker seemed
to be something like "A. Engelder."
The words "merchant tailor" were de-
cipherable, but the address had been
worn away. In writing was the name
of the person for whom the coat had
been made. This looked like "A. Frin-
chitsky," but it was very indistinct.
On the label was the date "Dec. 11, 1902."
Besides the revolver thirty cartridges
were found in the boat.

JUMPED FIVE STORIES, LIVES.

Hospital Surgeons Amazed at Old

Man's Wonderful Vitality.

Robert Chapman, sixty-one years old,
of No. 226 East Fifty-third street, at-
tempted to kill himself this afternoon
by jumping from the window of his
flat on the fifth floor.

Though his legs and arms were broken
and he had received internal injuries
he showed wonderful vitality, and re-
mained conscious until an ambulance
arrived from Flower Hospital. He was
taken to the hospital, where the physi-
cians marveled at his still being alive.

SICK MAN ENDS HIS LIFE.

It was reported to the police of the
Alexander avenue station this after-
noon that Carl Morgenstern, of No. 504
East One Hundred and Forty-second
street, had committed suicide by drink-
ing carbolic acid. It is said that Mor-
genstern had been ill for a long time.

"HELLO" MAN SEES YOU THRO' 'PHONE

He's in St. Louis and You're in
New York, but He Describes
You, Just the Same—Yes,
He's a Wonder.

The telephonophone, according to
the inventor, who called at The Even-
ing World office to-day, is a combina-
tion of the telephone, the telegraph,
wireless telegraphy and few other
things by which the holder can see
around corners and do other remark-
able stunts.

To illustrate the amazing qualities
of his invention the caller said he had a
man in St. Louis who had a tele-
phonophone and would answer any
question that was asked of him over
the long-distance telephone, even to
reading any piece of writing which
was held up in front of the trans-
mitter.

The inventor was allowed to fiddle
with the telephone until he said that he
had his man in St. Louis at the other
end. Then Currie, who writes funny
things for the paper, asked St. Louis
what color his hair was, and got the
quick, sharp answer that he hadn't any.

Moloney, the poet, had the various
articles of clothing he wore described
with startling exactness, even the price
he paid Mincer for them, and as a
climax to the performance the man in
St. Louis read a story from the mag-
azine page of The Evening World which
was written, he said, by Terrence the
Terrible, author of "Haystack and Time-
Table," or "The Street-Billed Skeeters of
Pompton, N. J."

Everybody, including Kelly, who is
the hardest man ever to convince, agreed
that it was very, very wonder-
ful, and the ruse of the office declared
that if the thing came in general use
he was going to have his telephone re-
moved from his flat. The inventor,
having fooled everybody pretty effec-
tually, finally confessed that his tele-
phonophone was simply high-class veni-
lism, and then everybody looked
foolish.

The telephonophone man has been
amusing himself with this stunt, it
seems, in different cities during the last
few months, and he is so clever at
putting his voice in the receiver that
it is impossible to detect the imposture.

Pistol Carriers Fined.

Fifteen boys and young men were ar-
raigned in the Jefferson Market Court
to-day charged with firing pistols in the
streets yesterday. All pleaded ignorance
of having violated any law, but their
excuses did not impress Magistrate Cor-
nell, who imposed fines ranging from \$2
to \$5 in each case. One of the fine
was regulated by the fact that the pistol
the fines were paid in all cases.
